

Product Technical Data Sheet

B.E.T. Detergent (Bus, Equipment, Truck and Trailer)

TW2009

Tidal Wave's **B.E.T. Detergent** was developed for cleaning painted surfaces of truck cabs, heavy equipment and trailers. It is particularly effective on fine particulates such as diesel exhaust soot, petcoke residues, mineral residues and fines that tend to penetrate pores.

This product has been successfully used on buses, equipment, trucks and trailers:

- Safe on all vehicle finishes when used as directed
- Moderate Foaming
- Specifically developed for difficult-to-remove, fine particulate soils such as diesel exhaust soot
- Good brush and cloth lubrication
- Free-rinsing
- Excellent, low-cost product for difficult soils

Product Form: Liquid

Product Appearance: Clear

pH: 13

Foam: Moderate

Foam Color: White

Trucks / Heavy Equipment Dilution: 50 – 200 :1

Recommended Hydrominder Tip: Orange

Packaging: 5, 30, 55 Gallons
