

Product Technical Data Sheet

Low pH Foaming Acid Cleaner

ULTRA
Concentrate

TW 3001

Tidal Wave's **Low pH Foaming Acid Cleaner** is an acid-based, presoak and wheel cleaner designed for use in all automatic car and truck washes. It can be used alone or as part of a two-step, high and low pH system. It penetrates and loosens road film and is safe for the finish. Free of *toxic hydrofluoric acid*, it brightens glass and chrome, leaving a sparkling shine. It is free-rinsing and provides excellent brush and cloth lubrication.

Low pH Foaming Acid Cleaner is an excellent acid wheel cleaner. It is safe on chrome and alloy wheels, removing brake dust, road film and oxidation. It is also superior on tires and raised white letters.

Tidal Wave's **Low pH Foaming Acid Cleaner** can be used in any full-service, exterior, tunnel, automatic or hybrid wash. This product's maximum foaming is obtained when applied through a foam generator with compressed air. It works with all foam sticks, k stick, foam heads, foam nozzles, as well as, all volcano and waterfall arches, bubbizers and foamers; foaming and non-foaming CTA's in all washes.

Product Form: Liquid

Product Appearance: Amber

pH: 2

Fragrances:

TW 3001	No Fragrance
TW3001P	Citrus

Foam: High

Foam Color: White

Presoak Arch Working Dilution: 100 – 400 :1

Recommended Hydrominder Tip: Purple

Recommended Hydrflex Tip: Lime to Copper, Ultra Lean Tip
