

Product Technical Data Sheet

Neutral Plus

TW6010

Tidal Wave's Neutral Plus is a concentrated and powerful neutral pH cleaner. This multi-purpose product contains aggressive surfactants for superior cleaning without damaging sensitive finishes or fibers. The sequestrants and water softeners in this product bind to soils and allow free rinsing, even in cold water. **Neutral Plus** is high-foaming even in hard water conditions.

For the Prep Area

This high-foaming product offers excellent prep cleaning and has a clean, fresh fragrance.

For Foaming and Waterfall Arches

Neutral Plus produces excellent cleaning and brush lubricity without acid or caustic ingredients. Its clean, fresh fragrance is perfect for exterior tunnels.

For Laundry

Neutral Plus works well in cold or hot water and will not harm microfiber towels. It has excellent rinsing properties and leaves a clean, fresh scent. It will remove tough, greasy dirt, grime and silicones from your towels.

For Vehicle Hand Washing

Neutral Plus will save on labor, as it deep-cleans quickly, has excellent lubricity and rinses free and clean. It is safe for use on all vehicles.

For Carpet, Upholstery and Fabric

Neutral Plus is safe on delicate materials and will not leave harmful residues, and your customers will appreciate the clean, fresh fragrance.
