### Hardcoat Premo 5 (One-Step Cleaner and Dressing)

TW7002

*Tidal Wave's* **Hardcoat Premo 5** is a unique one-step product for cleaning and shining the vehicle's interior vinyl and plastic. It is formulated to leave a clean, rich satin-shine, without causing glare on metal or the dashboard. It gives the car a new car look that is not greasy or slippery. It can be sprayed or wiped without worrying about the product streaking the glass or windshield. This product is perfect for use with Tornador and similar detail applicators. **Premo 5** helps prevent interior fading and oxidation by blocking U.V. and ozone. Avoid use on clear plastic such as instrument cluster, radio and sensitive materials.

**Premo 5** is usually sprayed from a spray bottle, Tornador or similar sprayer and wiped clean, leaving a clean surface with a protective shine. In most cases, it is used at full strength, but can be diluted for economy.

Pleasant, clean-fresh fragrance
