

Product Technical Data Sheet

Sunshine EXTRA

TW 2112

Tidal Wave's **Sunshine EXTRA** is a hybrid product with characteristics of a high-foamer and a presoak. It offers high-quality foam-generation with the properties of an alkaline presoak. An excellent cleaner, it will remove the toughest of dirt and grime while putting on a good show with rich shaving-cream-like foam and pleasant fragrances. This free-rinsing formula provides excellent brush and cloth lubrication.

Sunshine EXTRA can be used in any full-service, exterior, tunnel, automatic, hybrid or self-service presoak or pressure application. This product will work with all foam sticks, K sticks, foam heads, foam nozzles, as well as all volcano and waterfall arches, bubblizers and foamers, as well as, high-pressure wands and prep guns in all types of car washes.

In tunnel and automatic washes, **Sunshine EXTRA** offers high-foaming and alkaline presoak cleaning. In waterfall arches, generous foam can be produced with true presoak cleaning. In foamers and K nozzles, rich and thick foam is easily produced. Excellent cleaning and detergency. Excellent brush lubricant. Hard water tolerant.

In self-service washes, **Sunshine EXTRA** can be used for premium cleaning as a high-pressure soap and presoak. This product is very high foaming, provides excellent cleaning and is hard water tolerant.
