

OHD (Silicone Oil Dressing)

TW4012

Tidal Wave's OHD (Silicone Oil Dressing) offers a durable, water-proof, long-lasting high-gloss silicone shine on all types of tires while minimizing fender-well sling. This product blocks U.V. and ozone. Tires will be shiny immediately upon application for quick customer satisfaction!

This odor-free formula can be used on interior and exterior vinyl, rubber and plastic for a deep, high-gloss shine. Avoid use on clear plastic such as instrument cluster, radio or sensitive materials.

OHD can be used in any tire shine machine or may be applied manually with a brush, cloth or spray bottle.

Odor Free

Non-Flammable Formula

Product Form: Liquid

Product Appearance: Clear

Packaging: 5, 30, 55 Gallons
